

Coronavirus Disease

A Story About Changes Due To COVID-19

By: Lauren Tadlock, M.A. CCC-SLP

Coronavirus is a type of disease that might make people feel sick, cough, and have a fever. It is also called COVID-19.

Coronavirus is like the flu
and spreads from person
to person like when you
are shaking hands.

It is important to keep
everyone safe. This means
there might be changes to
my normal day.

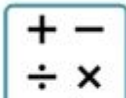

I usually go to school every weekday. My school is closed because of Coronavirus so I am staying home.

I might get to do fun things at home like play video games.

When things change it
can make me feel
worried or upset.

My schedule will be
different since I'm not
at school.

| Daily Homeschol Schedule | | |
|--|---|--------------------------|
|  7:30 |  breakfast | <input type="checkbox"/> |
|  9:00 |  math | <input type="checkbox"/> |
|  9:45 |  snack | <input type="checkbox"/> |
|  10:00 |  language arts | <input type="checkbox"/> |
|  11:00 |  art | <input type="checkbox"/> |
|  11:30 |  lunch/recess | <input type="checkbox"/> |
|  12:30 |  science | <input type="checkbox"/> |
|  1:30 |  social studies | <input type="checkbox"/> |
|  2:30 |  free choice | <input type="checkbox"/> |
|  3:30 |  family time | <input type="checkbox"/> |

I will get up and get
ready for the day and
then do my school
work at home.

I will miss my teachers
and my friends but it is
important to stay
healthy.

I can stop the spread
of Coronavirus by
taking care of myself.

I can wash my hands
with soap or use hand
sanitizer.

I can cover my
cough and sneeze
with my elbow.

I can keep
personal space.

If I feel sick I might
need to take my
temperature.

I like to go to all my favorite places but I need to stay home for now to make sure that everyone is safe.

My teachers and
parents will tell me
when it is okay to go
back to school after
the virus is gone.

Things are different
because of Coronavirus.

I can stay calm and
not worry because
things will be normal
again.
