

# Gretna Green School

## Kindergarten Learning Challenges April 27 - May 1

<p>Have everyone in your house make paper airplanes and have a contest to see which flies the farthest. Use a shoe to measure how far each airplane goes. Try making a paper ball and see which goes farther, the ball or the plane.</p> 	<p>Gather up small items (coins, paperclips, toys, etc.) and place them in the center of a table. Roll a dice and take that number of items. When all the items are gone, count how many each person has. The person with the most items wins.</p>  <p>Try Roll and Add One More.</p>	<p>Read a book to a stuffed animal or pet. Call a friend or family member and read to them.</p> 	<p>Find 3 different containers in your house (bottles, cups, bowls, etc.). How can you figure out which holds more?</p> 	<ul style="list-style-type: none"> <li>• Keep practicing your <b>sight words</b>.</li> <li>• <b>Read!</b> Remember the 3 Ways to Read a Book – words, pictures, re-tell. You can Read to Self, Read to Someone or Listen to Reading. Check out some books on Raz-Kids.com. 😊</li> </ul>
<p>Practice the Poem is the Week. Look around your house for 3D shapes.</p> 	<p>Go for a walk and look for 2D shapes (ie- square, circle, triangle, rectangles) and 3D shapes (ie-cylinder, cone, sphere, cube). Look at the street signs and houses.</p>	<p>Play music class with your toys. Teach them some songs we learned this year. (ie- Good Morning Song, John Jacob Jingleheiner Schmidt, Skinamarinky Dinky Dink)</p>	<p>Guess the secret word. Have a family member say a word by stretching out the sounds (ex. c/a/t or b/o/x). See if you can put the sounds together and figure out the secret word.</p>	<ul style="list-style-type: none"> <li>• <b>Writer's Workshop Home Edition</b> – Choose a topic and write a new book or a story. Draw a detailed picture to go with the story. Don't forget to stretch out the sounds to help you spell tricky words.</li> <li>• Keep working away on Math concepts with <b>Dreambox</b></li> </ul>

- **PLAY** – Set up a pretend restaurant, open a veterinarian's office, make a racetrack, build a village, put on a puppet show, have a play date with a classmate over facetime. Use your imagination and have fun!!!!
- Mr. Ryan's **Phys. Ed** activity ideas for the week are on his Teacher Page.

Thank you for all you are doing at home 😊 Choose the activities you wish to complete and have fun!
