

# hey hi hello!

Wow! Can you believe we are already entering into our third week of school? I have been enjoying getting to know each of your little ones. Every day we learn something new and exciting!

This is going to be a wonderful year for your child. You are going to see growth in both their academic abilities and social skills. Our room will be a place where all students will feel respected, safe, and confident in their abilities. I want students to feel like they can challenge themselves to take chances academically within our classroom.

I believe the connection between home and school is essential and your support is a large part of your child's success in school and beyond. I can't wait to get to know your family throughout the school year! Feel free to contact me at any time with questions, comments, or concerns.
