

Adding Strategies

1. Adding by Place Value

Add the tens

Add the ones

$$\begin{array}{r} 35 + 23 \\ \hline 30 + 20 = 50 \\ 5 + 3 = 8 \\ \hline 50 + 8 = 58 \end{array}$$

2. Incremental Addition / Open Number Line

Students use their knowledge of skip counting to count on the number line.
