

HANDS ON	ONLINE
<p>Monday- Measure 10 different leaves in centimetres, then in millimetres.</p>	<p>Reflex</p>
<p>Tuesday- Find 10 thing outside that are shaped like a quadrilateral (4 sides). Try to find some other 3, 5 and 6 sided shapes outside as well.</p>	<p>Dreambox</p>
<p>Wednesday- Write 3 fractional sentences about things that you see outside. Example: $\frac{12}{20}$ windows are open. $\frac{2}{3}$ of the cars are home.</p>	
<p>Thursday- Look for patterns that appear outside. List 3-5 examples that you find. What kind of patterns are they? Do they repeat or grow?</p>	
<p>Friday- Ask 6-10 friends what their favourite outdoor summer activity is. Make a graph out of their responses. You can use a bar graph or a pictograph, it's your choice!</p>
