September 2021

Greetings everyone! The entire staff of Gretna Green School are looking forward to the return of our Gators beginning on September 7<sup>th</sup>! We wanted to touch base with our learning community to highlight some new routines for the upcoming year. Many of these routines were in place last year but we want to highlight them for new members to our community.

- Once again, this year, parents and guardians will need to make an appointment by contacting their respective teacher or office if they wish to have an in-person meeting with any staff member.
- All students must come to school daily with two masks as they will be required to be worn in all common space areas inside our school.
- All students will have access to our cafeteria this year for lunch. The only items for purchase during the first week of school will be grab n' go items along with drinks. Our breakfast program will not be available the first week of school. Microwave use is intended for reheating food only.
- Students are reminded a mask must be always worn when riding on the bus.
- There will be a staggered entry for the first week of school for all students. 1/3 of students will be in attendance daily for the first 3 days of school. All students will be attending on Friday. Please refer to the email sent by our VP, Ms. Bransfield, for your child's schedule.
- K-5 students are reminded to bring 50.00 cash or cheque payable to Gretna Green School to pay for their school supplies on their first day of school.
- 6-8 students are reminded to bring 25.00 cash or cheque payable to Gretna Green School to pay for their student fees on their first day of school.
- All student drop offs this year will return to being dropped off at the **Main Office** as in years past. Students in grades 3-8 cannot be dropped off prior to 7:50 am. Students in K-2 cannot be dropped off prior to 8:40 am as teachers are not on duty until these scheduled times.
