Snowman Contest

Let's make a snowman! The winter season brings with it a variety of great activities to promote a healthy living style. Making a snowman is just one of them! In an effort to promote healthy living at GG; we will be hosting a variety of outdoor activities for our students during the month of February. To kick things off, we will be having a snowman building contest for the month of February. Simply build a snowman at home and email a photo of your cool looking snowman to Mr. Comeau keith.comeau@nbed.nb.ca. These photos will be posted at school and a vote will be held for the nicest looking snowman. Winning snowmen will be announced at the end of February.
